Ready to work

With access to input capacity of up to 4400 sheets, replacement toner cartridges that go as high as 55,000 pages**, long-life imaging unit and a fuser that may never need replacement, you'll spend more time printing. Plus, innovations in part replacement and accessibility help you resolve problems quickly.

Fast start + enduring performance

A first page as fast as 4.2 seconds sets the stage for printing and copying up to 65 ppm*. And support for large workloads is built in, with recommended monthly page volume as high as 350,000 pages.

Engineered to last

Steel frames and a robust paper feeding system that reliably handles diverse media types and sizes support heavy-duty use and a long life in even the harshest environments.
