Maximise your print environment with space-saving HP Print Forward Design and professional-quality, low-cost colour.<sup>[1]</sup> Help reduce costs with fleet management solutions. Stay productive with an all-in-one designed for high-volume enterprises.

Dynamic security enabled printer Certain HP printers are intended to work only with cartridges that have a new or reused HP chip or electronic circuitry. These printers use dynamic security measures to block cartridges using a non-HP chip or electronic circuitry. Periodic firmware updates will maintain the effectiveness of these measures and block cartridges that previously worked. Reused HP chips and electronic circuitry enable the use of reused, remanufactured, and refilled cartridges.
