HP 180GB Solid State Hard Drive

[HP H4T75AA internal solid state drive 180 GB:](#)

HP storage solutions for your HP business notebook provide additional storage flexibility and expandability. The HP 180 GB\* Solid State Drive allows you to store your data on a hard drive with no moving parts.

- A solid state drive does not need to spin up or mechanically seek files like conventional hard disk drives do, significantly improving boot-up, shut down, and application loading times as well as overall application responsiveness.

- Multi Level Cell (MLC) NAND flash memory supports faster transfer speeds and higher cell endurance than hard disk drives.

- Native Command Queuing allows the drive to have several write or read commands outstanding at the same time.
