

HP 630 Redundant and/or External Power Supply power supply unit

Brand : HP

Product code: J9443A

Product name : 630 Redundant and/or External Power Supply

HP 630 Redundant and/or External Power Supply

[HP 630 Redundant and/or External Power Supply power supply unit:](#)

The HP ProCurve 630 Redundant and External Power Supply provides redundant system power and/or an extra 398 W of Power over Ethernet and Power over Ethernet Plus (PoE+) power for a switch. Ideally suited for Voice over IP (VoIP) environments, the 630 power supply provides the redundant power supply (RPS) and extra PoE power needed in many other common customer environments where high power availability is desired. Switchover from a failed internal power supply to the 630 power supply is seamless and immediate. In addition, the 630 power supply can protect against a single power main failure when it is connected to a different power main than the switch. The 630 power supply supports the HP ProCurve 2910al and 3500yl-PoE+ Switch Series.
